

Classification Registration Form

Wodonga Classification

Paralympics Australia (in conjunction with Athletics Australia, Swimming Australia and Basketball Australia), are hosting regional classification days in Wodonga, Victoria. We have identified two venues to host classification for athletes with a physical impairment for each of the sports of Para-Athletics, Para-Swimming and Wheelchair Basketball.

Classification is the process of grouping athletes based on the impact of their impairment on their functional ability in sport. The classification process follows the Para-sport classification rules and an athlete will need to have an eligible impairment type and meet a minimal impairment criterion to be able to compete.

These classification days are appropriate for athletes competing or wish to compete in school sport or club competition. Athletes may seek a classification assessment if they are a new athlete or have been classified previously with a status of review (R) or review fixed date (RFD) prior to and including 2019.

To check your previous classification, please visit:
